PASSAGES

PASSAGES is a collection of drawings and paintings that reflect upon the process of transition. Created during the chaos of 2020 the work speaks to the subtle ways in which we may reconceptualize our place in the world. As we collectively stand upon the threshold of uncertainty, having watched our systems stumble, how can we step forward into a more wholesome way of being in the world and what must we leave behind? What would it look like to no longer be the protagonists shaping the earth to meet our needs but to make space for a deep awareness and appreciation for natural processes?

Playing off of the Spanish word 'paisaje', the works evoke the landscapes we inhabit and raise questions around what it means to be an integral part of these environments.

Using ink and oil paint, this body of work aims, primarily, to create space for reflection, to offer a channel by which the viewer may enter into another way of being in relation to the world, with all of its subtlety, beauty, and chaos.

PASSAGES

PASSAGES es una colección de dibujos y pinturas que reflexionan acerca del proceso de transición. Creado durante y a partir del marco caótico global del 2020, esta colección de obras pretende conceptualizar las formas sutiles en las que podríamos repensar o reconfigurar nuestro lugar en el mundo. Habiendo sido testigo de la volatilidad con la que se pusieron en jaque nuestros sistemas, nos encontramos colectivamente ante el umbral de la incertidumbre: ¿cómo podemos caminar hacia una forma más sustentable de estar en el mundo y qué debemos dejar atrás para hacerlo? ¿Qué pasaría si dejáramos de ser los protagonistas que intervienen en la Tierra en el afán de satisfacer falsas necesidades y en su lugar le diéramos espacio a una mayor conciencia y apreciación de los procesos naturales?

Tomando como una referencia la palabra española "paisaje", las obras se centran en aquellos paisajes que habitamos a diario, invitándonos a preguntarnos acerca de lo que significa ser un componente integral de ellos.

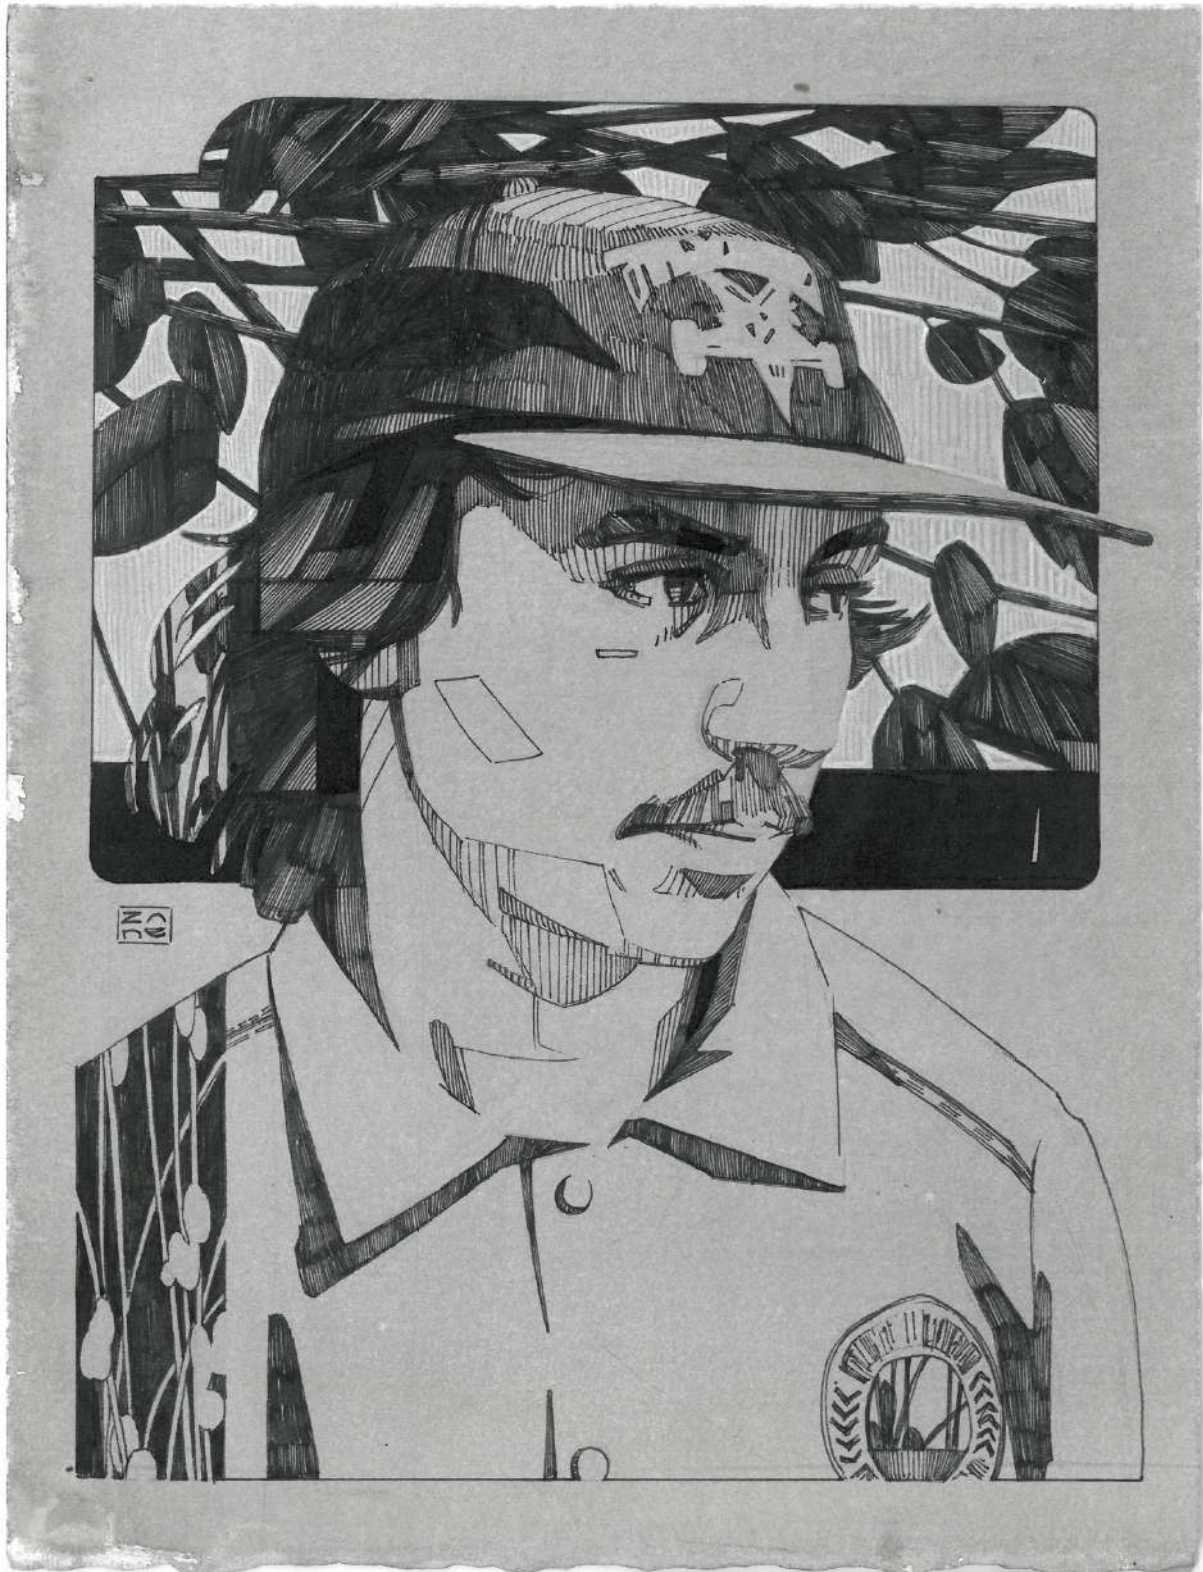

Utilizando tinta y óleo, este conjunto de obras busca principalmente crear un espacio para la reflexión y ofrecer una vía a través de la cual el espectador pueda experimentar otra forma de convivir con el mundo, con toda su sutileza, belleza y caos
