# TRASH TO LUXURY

BY ÉDER TROP

"The concept behind this project is to reframe what many consider worthless and destined for the trash. What some see as the end, I redefine as the beginning of a new creation. Every piece of wood and every cardboard box is like a blank page that comes to life with vibrant colors and meticulous details.

"From Trash to Luxury" is also an invitation to get to know, in my own fragmented way, the paths and phases lived here. This journey encompasses everything from street tags (pixações) made hastily, to patterns, textures, and compositions (from graphic design), and extends to tropical colors and characters present in our murals."

"El concepto detrás de este proyecto es redefinir lo que muchos consideran sin valor y destinado a la basura. Lo que algunos ven como el final, yo lo redefino como el comienzo de una nueva creación. Cada trozo de madera y cada caja de cartón son como páginas en blanco que cobran vida con colores vibrantes y detalles meticulosos.

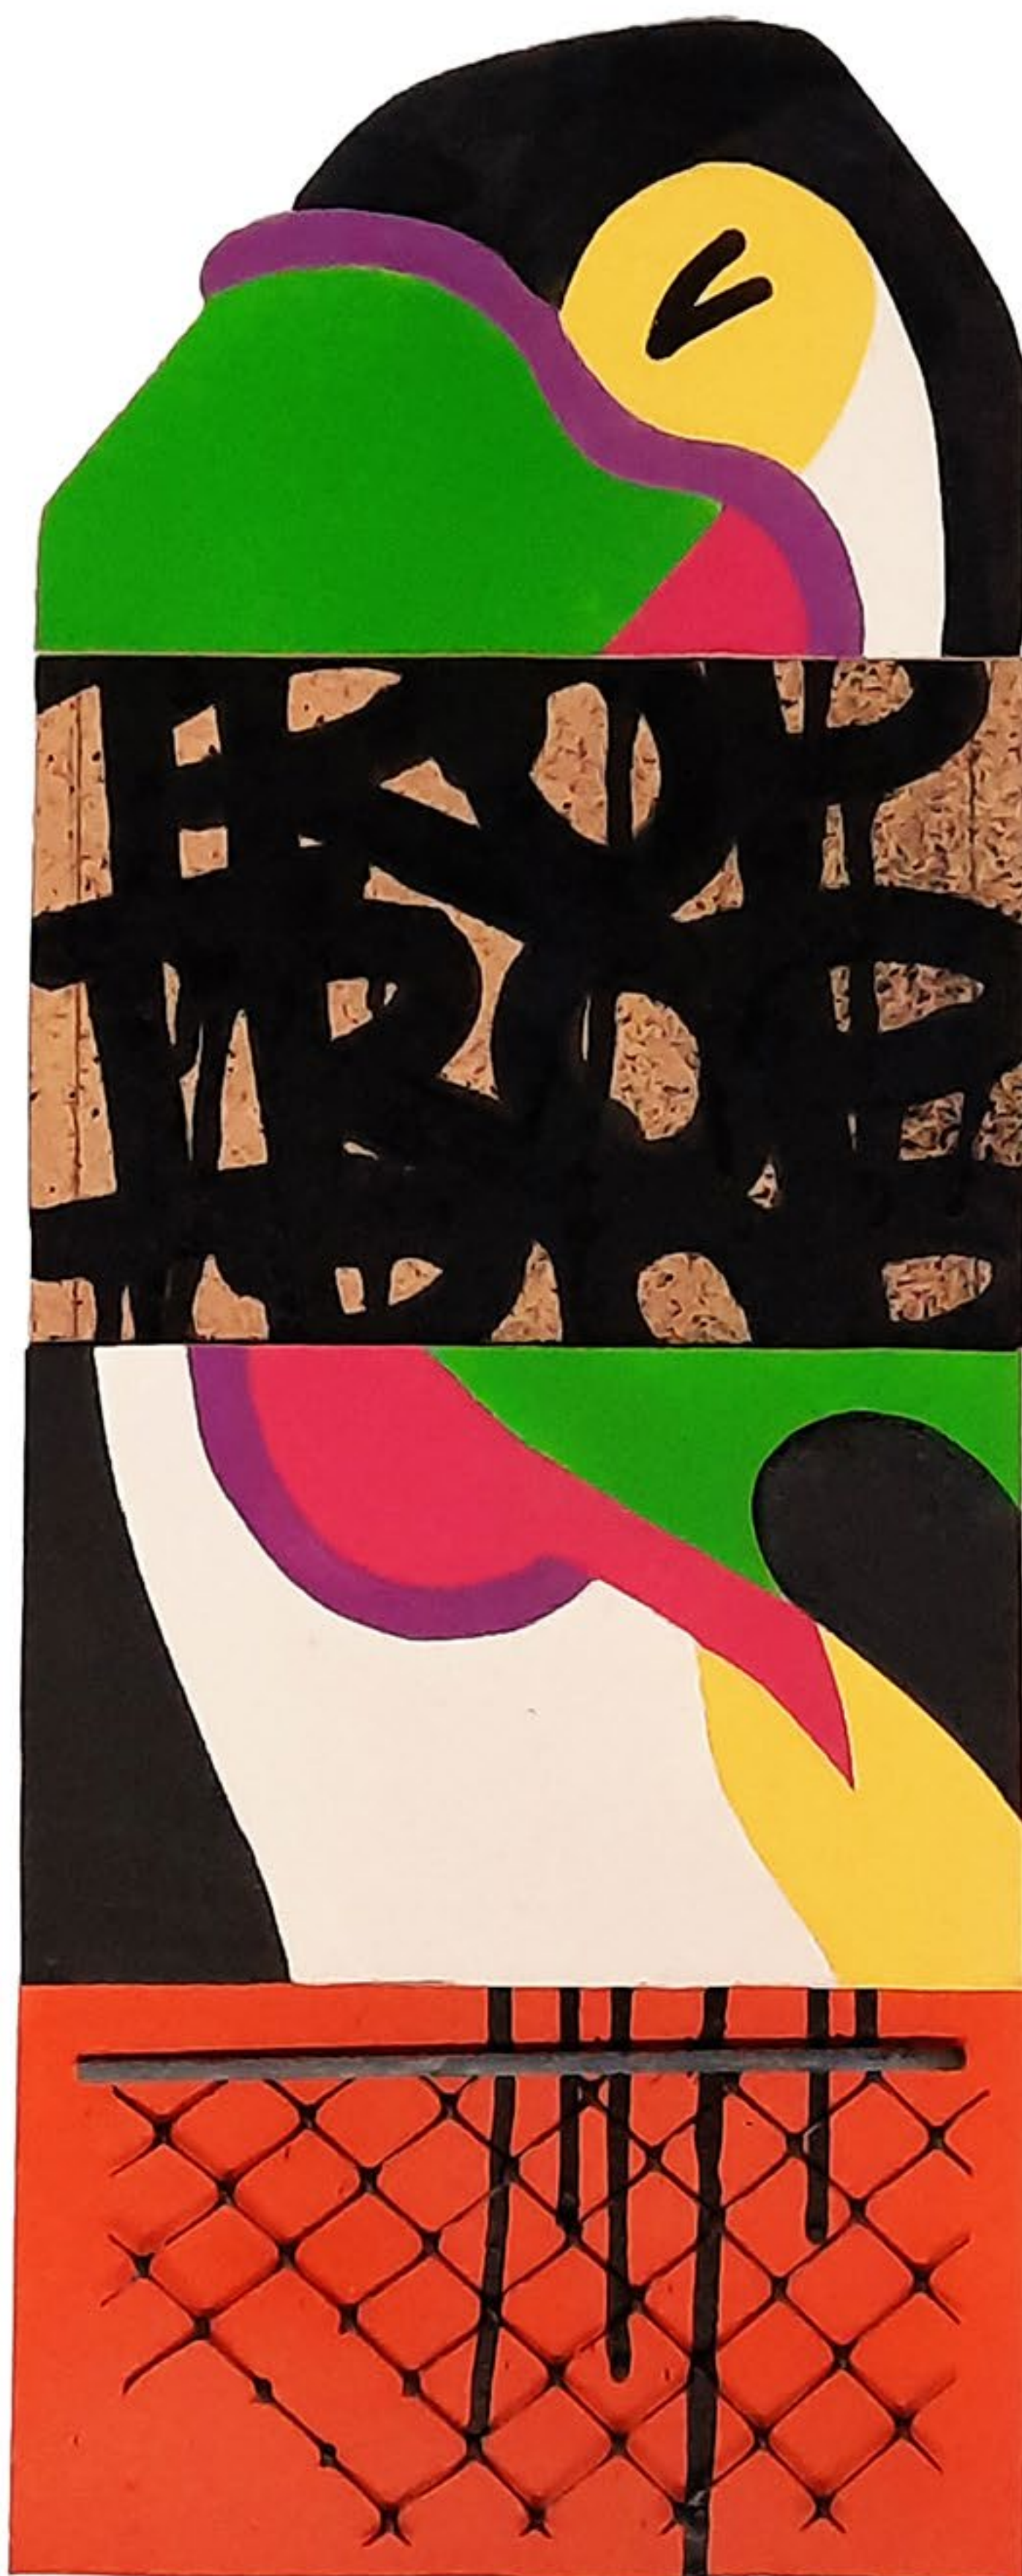

"De la Basura al Lujo" también es una invitación para conocer, de manera fragmentada, los caminos y fases vividos aquí. Esto va desde las pixações (etiquetas) hechas rápidamente en las calles, hasta patrones, texturas y composiciones (del diseño gráfico), y se extiende a colores y personajes tropicales que están presentes en nuestros murales."
